Steve,

There really are no words for what you & your family did for our school; THANK YOU seems so not enough.

Your heart, your sweat, your charisma, your positive attitude from our first phone call to our last goodbye.

Angel Events ... getting emotional...that you are.

Feedback this morning was amazing! Everyone loved the event and spoke so highly of you also.

"Who was he?" was he a parent? How do you know him... My lucky day I tell them.

THANK you, THANK you, THANK you!!!

May God bless you & your family, because I know I feel like a better person knowing you and it will definitely inspire me to pay it forward to someone else.

xo
